Part Two DAYLILIES

MY GARDEN

*A Garden is a lovesome thing, God wot!
Rose plot,
Fringed pool,
Ferned grot—
The veriest school
Of peace; and yet the fool
Contends that God is not—
Not God! in gardens! when the eve is cool!
Nay, but I have a sign;
'Tis very sure God walks in mine.*

—T. E. Brown

1960

FOREWORD

Yes, gardening is still our recreation. Peggy Mac says that during my first "childhood" Dad and Mother had a tough time getting me away from a book and into the field—but now she has a harder time getting me out of the garden, even during this most diabolical winter, long enough to get this apology for a catalog ready.

So nothing but promises have been sent to our kind and, we hope, patient garden friends in more than two years but if March should turn mild and early April showers should be warm, you should be able to find much more than promises in the Iris Belt of Louisiana by show time, April 23 and 24.

From Lafayette to Lake Charles by way of Abbeville Irisarians have been eagerly waiting for spring and also for those of you who agree with us that our native iris are really God's thoughts of beauty taking form to gladden your gaze when you arrive.

CONDITIONS OF SALE

For both iris and daylilies

TERMS: Please send full payment with all orders, whether for prompt delivery or for reservations.

GUARANTEE: We guarantee healthy stock, freshly dug, true to name, plainly labeled and packed to reach you in good condition. If the delivery is unsatisfactory, notify us at once and return shipment with original labels. We will replace or refund purchase price.

POSTAGE: We pay transportation on retail orders in the U.S.A., that amount to \$10.00 or more. Please add 50c for packing and postage on smaller orders, and add 35c on any order if you want "Special Handling"—it is worth it.

SHIPMENT: Iris can be shipped any time, but September and October are best. Rhizomes are mature at that time and you are more apt to get blooms the following spring. August is next best. November is fair. Winter months are too cold in most places. We charge 25% more for spring shipment because we lose the increase and you will likely get no bloom.

PRICES: Special cash and carry values are made attractive at the "House O' Macs"; many combinations to meet your gardening needs for both iris and daylilies can be arranged through personal visits at bloom time.

BONUS—On orders for named varieties of \$10.00 or more, we always give a bonus; and to enable you to select the kind you would like, we make the following offers applying to both iris and daylilies, **except those followed by L.S. "Limited Stock."**

No. 1—Orders \$5.00 to \$10.00—your selection of listed named varieties up to 20% of the price of your order.

No. 2—Orders \$10.00 to \$20.00—your selection of those valued at 30% of your order.

No. 3—Orders \$20.00 to \$40.00 — select any listed at 40% of your order.

No. 4—Orders \$40.00 or over—select any listed at 50% of your order. For instance, on No. 4 you could select a bonus value of \$20.00.

COMBINATIONS—You may combine iris and daylilies either in your order or in your selection for your bonus.

SPECIAL IRIS COLLECTIONS

(Above discounts will not apply to these)

We have many seedlings each year that are not quite good enough to register and much too good to discard. These will be tagged as they bloom and we will ship beginning September 1st.

IRIS No. 1 OUR CHOICE of 12 rhizomes having at least 6 different shades or colors for \$5.00 plus 50c for postage.

IRIS No. 2 An equivalent collection of 15 unnamed varieties, a Barbara Elaine Taylor (white) and a strong bloom rhizome of Mistis for \$10.00 plus 75c for postage.

SUBSTITUTIONS: We do not substitute for either your order or your bonus selection without your permission. It will save time and trouble for both if you will suggest acceptable substitutions, especially on bonus selections in case our supply is exhausted.

OUR INTRODUCTIONS 1960

DOVE OF PEACE (Susan Curry x Barbara E. Taylor) Picture a huge 7" bloom near Mauvette with erect ruffled standards and 2½" spreading falls—total effect white, tinted and stippled, lavender to dove color. By the third day you are reminded of a dove colored umbrella or of a dove banking to light. All of this on a strong, erect 40"-48" scape; flowers freely; multiplies well. Want it? ----- \$10.00

CORINNA HALL (Violet Ray x Purple Wonder) It's a medium sized bloom, an excellent horizontal form and a rare and unique coppery sheen resembling a smooth old copper medallion newly burnished; looks like a color break. Scapes strong and erect, good multiplication. L.S. ----- 5.00

To cultivate a garden is to walk with God.

WHITE FOLIOSA —A unique, dainty collected iris; small, pure white Foliosa. --	.50

PART TWO DAYLILIES

See "Foreword," page 2, for general garden policies applying to both parts and also for specific information on iris shipment and iris combination offers.

Daylilies as well as iris can be shipped any month. August is the least desirable. September, October and November, the most desirable for us.

A visit at bloom time can often result in far greater satisfaction for your daylily and Louisiana iris needs.

What a desolate place would be a world without flowers? It would be a face without a smile; a feast without a welcome. Are not flowers the stars of the earth? And are not our stars the flowers of heaven?

We hope to see you in Silver Springs,

Florida May 9, 10, 11 and 12.

*And don't forget your date for Lafay-
ette and Abbeville May 28 and 29. Region
13 Meeting, and come early for Brag Night
in Lafayette on the evening of the 27th.*

The following taken from THIS WEEK'S "Words To Live By" of March 20th expresses very accurately the way we at House O' Macs strive to live—and win, lose or draw, the striving is fun!

Look To This Day

*Look to this day,
For it is the very life of life.
In its brief course lie all the
verities and realities of your existence:
The glory of action,
The bliss of growth,
The splendor of beauty,
For yesterday is but a dream and
tomorrow is only a vision;
But today well lived makes every
yesterday a dream of happiness,
and every tomorrow a vision of hope.
Look well, therefore, to this day.*
